- Clarke Buchanan took over the meeting as **incoming President**.
 - **February Meeting date change**; the next meeting will be the **second Wednesday** of the month, (**not the 1st Wednesday**) on **2/8/12 at 7 p.m. at the W. Barnstable Community Building**.
 - It was discussed how **nametags** would be **helpful in getting to know each other's name more easily**- - Clarke will bring the materials.
- **Wayne Shepard** will be in charge of building the storage **cabinet for club materials**- he **needs 2 more** helpers so contact him at (508) 420-4224 if you can help.
 - Clarke will build a stand and mount for the club lathe.
- A **projector was donated** to the club by **Robin's husband, Andrew Campbell**. **Mike Gould has a camera** which he will donate.
- If anyone wants to **coordinate a sawdust session**, put the word out on what you want to do for a topic. The following shops were offered as sites:
 - Howard Whelden in Chatham on a Thursday-Sunday
 - Wayne Shepard in Marstons Mills on a Saturday
 - Jim Silva in Wareham
- A discussion was held about the **merits of using boiled linseed oil vs. Tung oil as a finish**.
 - Boiled linseed oil promotes mold growth, yellows with time, and spontaneously combusts.
 - Tung oil is a better choice and is water resistant.
 - Real Tung oil takes 35 days to cure although Tung oil finish cures overnight.

A note from Clarke:

I want to thank you for electing me to the position of Club President. I am very pleased to take this position for the next two years and I am looking forward to working with the board of directors and program committee. I will do my best to be of service to the club and each member.

Please let me know if there is something you would like to see happen in the club and/or share any concerns you may have about how the club is run. I will listen to all input and suggestions, share them with the other board and committee members and act on them accordingly.
